

Day ○ LET'S READ ABOUT SCOTLAND!

This text is about Scotland which is located in Europe, at the northern end of Great Britain. Scotland is one part on the United Kingdom, along with Wales, Northern Ireland and England. Its capital is called Edinburgh but the largest city is Glasgow. Over five million people live in Scotland but some of them don't speak English as their only language, they also speak Scots and Scottish Gaelic (a very old language).

You can find more than 700 islands in Scotland but people only live on some of them. Scotland is famous for its beautiful countryside with many mountains, rivers and lochs (Scottish for lakes). One of the most famous mountains is called Ben Nevis which stands at the height of 1344 metres.

The colour blue is often linked to Scotland because their flag is totally blue with a white x-shaped cross. This cross is also called St Andrew's cross.

When it comes to Scottish food people often think about porridge and haggis. Porridge is made of oats¹ and they often eat it for breakfast. Haggis is some type of sausage made from parts of a sheep.

A famous kind of sport in Scotland are the Highland Games. They're a combination of sport and culture. The players do different disciplines like throwing a big tree trunk² or running in the countryside with a kilt. You can listen to Scottish music there, too. The Highland Games are celebrated all over the world, the most southern ones are in New Zealand and the most northern ones are in Norway.

Tourists in Seattle

Many tourists travel to Seattle every year because it is a beautiful and interesting city. There are activities for everybody, so you aren't bored if you travel to this city. For example, if you wanted to get something to eat, you can choose from a lot of restaurants. It is best to eat at local restaurants and to not go to the more expensive ones in the tourist areas. If you want to travel from one sight to another, you can either go by bike, or take the bus. Both are fantastic ways to see a lot of sights in the city. Music fans should visit the EMP search for old CDs and cassettes of their favorite bands. Even sports fans will find something to do. Water sports like swimming, sailing, plane or boat races won't be possible if Seattle wasn't built next to the sea. A famous boat race is the Milk Carton Derby. During Seafair you can even watch people built their own boats out of milk cartons and then use it to participate in the race. Another great activity would be whale watching. If you will be lucky, you will see one swimming in the Pudget Sound. But remember to bring a waterproof jacket if you want that you don't get wet. As you can see, Seattle has a lot to offer, so make sure you visit us soon!
