Day ○ LET'S READ!

Jean Harlow House

In 1932, the house was home to Jean Harlow and her mentally ill husband, Paul Bern. One night Paul shot himself in the head while he was standing in front of the mirror. Their butler discovered him and called the police.

It is said that Paul visited his wife the following night while she was sleeping and only a few days later she jumped off a bridge near the house.

In 1963, a famous actor named Jay Sattler bought the house and lived there with his girlfriend, Sharon. One night, when Sharon was sleeping alone in the bedroom, she saw a creepy little man standing next to her bed. She panicked and ran out of the room. While she was running, she saw a hanging body with its eyes wide open, staring at her. They moved out the next day. Since that day nobody has ever entered the house again.
